## BRING ACCESSIBILITY HOME

WheelPad personal accessible dwellings are designed to meet your needs as an addition to your home or a standalone unit. Starting at 200 square feet, all models are available to rent or buy to enable a life of independence.

With multiple configuration options, WheelPad provides customizable modular housing units built to fit your family's needs.

Explore [WheelPad.com](http://WheelPad.com) and discover how WheelPad has helped enable those with mobility challenges to have an accessible home.

## ACCESSIBILITY FEATURES

WheelPad offers a wide range of customizable accessibility features, including:

- Built-in ceiling hoist track
- Roll-in shower
- Effortless swing doors
- Hygienic rounded bathroom flooring corners
- Accessible kitchen (available in select models)

All WheelPad models exceed ADA compliance requirements and are functional for everyone, regardless of ability. Each model is carefully designed to offer ease of life to any user in all aspects of the home.

## MAKING ACCESSIBILITY FAST AND EASY

All WheelPad housing models are U.S. built, which ensures quick on-site installation. This allows a WheelPad accessible home unit install to be unique and tailored to your needs.

Financing made easier:

- WheelPad® leasing program for those with shorter-term needs
- WheelPad's buy-back commitment
- Eligibility for specialized financing through participating bank
- Disabled Veteran's housing grant program
